together WE ACHIEVE

Third Party Consent

Dear Parent/Guardians,

Following recent changes to the Department of Education’s ‘*Students Online in Public Schools*’ policy, we are required to notify you and obtain your consent for a range of third-party services. Students access these services for educational purposes while at school or under teacher instruction to complete their work at home.

The ‘*Students Online in Public Schools*’ policy outlines student safety when using online services and accessing the school network. This outlines procedures for ensuring online security of student and family data and students displaying appropriate online behaviours to minimise online risks that may present. As part of this process, all Department of Education schools must ensure that the online services we use have an acceptable level of security and safety to ensure that the service meets the standards deemed fit for use with students by the Department of Education’s third party assessment process.

Due to these requirements, for online services that we use at Hedland Senior High School, we are required to notify you that we are using them with your son/daughter and/or obtain your consent so that we may continue to use them in the classroom and in our planning and management in a safe and responsible manner.

These services include Stile, Seqta, Adobe, Mathspace, Padlet, Seesaw, Grok Learning, Mega Seating Plan, Class Dojo, G Suite Core Services, Clickview, Lucid Chart, Arduino Create and Consent2Go. If you would like any further information on these services please contact the school.

Notification to Disclose Personal Information to Third Party Services

I consent to my child’s information being provided, if required, to each of the above service providers until the conclusion of his/her schooling at Hedland Senior High School.
